Campana (Italy)

Campana = Italian for “hopscotch” and “bell”
Italy is shaped like a peninsula, that means “almost an island” because almost all its sides touch the ocean. What does this hopscotch look like? (Remind children that because of Italy’s sunny, warm climate they can play games outside all year long)

RULES:
1. Stand at the starting line.
2. Toss the beanbag on any square
3. Hop through the game, skipping the box with your beanbag in it.
4. Pick up the beanbag on your way back while balancing on ONE foot – or hop over the box with the beanbag in it.
5. If you fall, hop out of the lines, or put down your non-hopping foot, then you’re OUT! and it’s the next person’s turn.
6. Complete the hopscotch successfully and receive a passport stamp/sticker.
